Custom Non-woven Bag Enquiry Form

Non-woven polypropylene bags can be custom made and printed to your specification. Our minimum quantity is 1,000 customised bags but printed non-custom sized bags available in smaller orders. The main factors that affect price are:

1. **Size** – Amount of material used to produce the product
2. **Thickness** – (Measured in gsm) As above
3. **Quantity** – The higher the volume, the cheaper the rate (A big factor)
4. **Handle / Bag Type** - standard is usually the least expensive
5. **Number of print colours & % of print coverage**

Below is the information we required when placing an order:
